

working with. After the worship service we distributed Bibles to adults and New Testaments to children. We also gave the *Grandi Nan Etid Biblik* books to a few of the church members there.

We left the remaining *Gran Nan Etid Biblik* books, Bibles, and several New Testaments with the church in Ti-Guoave along with some school supplies and clothing for use when visiting homes / outreach in the area.

On Monday we briefly visited the boys home and school that we have Newknown in Bon Repos. We left most of the *Kreyati Meveye Bondye yo* books for the school children. We also left the *Bon Grenn nan* books and school supplies / clothing there. There are young adults who grew up in the boys home who live in the residential rooms at this facility. We instructed them to distribute the *Bon Grenn* books as they saw needs either there at Bon Repos or at the church in Petit Goave.

Devotional Books	6,264
Statement Of Faith	17,883

Creole Bibles and Christian Literature for the People of Haiti

“My Word...
Shall not return to me void...”

Isaiah 55:11

Ze Rouge Gang Outreach

Editor's Note: *Cite' Soleil is a very notorious slum in Port-Au-Prince. It has been the hold out of many gangs for years. Pastor Hoon Kim from NJ received Bibles from LIFE to share with the Red Eyes Gang of Cite' Soleil. Below is a report of their venture.---EHH*

A main focus of our mission team was to reach out to the Red Eyes Gang of Cite' Soleil. To that end, the members of the team developed, translated and printed 500 copies of a discipleship training material in Haitian Creole.

Red Eyes Gang

The lessons varied from “What is the Gospel” to “Making Wise Choices” to “Work that Glorifies God”. The material was developed in order to specifically address realities of life in Haiti and was intended to develop a biblical worldview, centered around the Gospel. The plan was to go into Cite' Soleil and teach gang

leaders and lieutenants. However, on the first day of ministry, both Pastor James Pak and Pastor Hoon Kim received dreams and visions which redirected the plan. The result was that the meetings were held outside of Cite' Soleil at The Elite Hotel of Delmas, Port-Au-Prince. We believe this change was also in response to the hundreds of people from Calvary and our network of supporters, who were praying for wisdom and protection.

The week before the team arrived, a gang war had erupted in Cite' Soleil, leaving 50 gang members dead. The change in plans was profitable as much as unexpected. We were able to feed the leadership with good food, which was extremely appreciated. The teaching room, a restaurant, proved to stay empty for the duration of the days of ministry. Also this was the first time in three years of ministry that the gang leaders and Cite' Soleil leaders were actually able to sit down and focus on the actual lessons and study. Up to that point, the top leadership had always been distracted due to the heat of Cite Soleil (105 temperatures) and other duties. This was the first time that an environment of intimacy and learning had been provided, where the top leadership was present and engaged.

Daily schedule: Pick up Ze Rouge at Sonape at 11AM. Lunch and discipleship from 11:15-2:00pm.

A Testimony of God's Direction

One big challenge was finding Bibles in Haitian Creole. The team researched extensively to find Bibles while in the United States, but the costs were prohibitive for a bulk purchase, and expensive for transport due to airplane weight restrictions. Initial prices per

We have Creole & French Literature

Along with our many Creole items, LIFE has now added a few French materials to its selection of literature; We now have over 40 books and Bibles, plus over 40 tracts and posters!

Newsletter by email.

Do you want to help reduce our costs leaving more funds to purchase literature? You can receive the newsletter by email. To make this change, send us an email to: info@lifeliterature.org. Please include the email address you want the newsletter sent to, and your name and mailing address. Thank you.

Braille Material

Dirk Martin continues to produce Braille Bible materials in French and Haitian Kreyol. The most recent requests have been for the Old Testament books of 1st and 2nd Samuel. Please pray that transcription of the Kreyol version of Pilgrim's Progress (Traka Yon Kreyten Pandan Vwayaj Li) can continue. LIFE Literature has supplied the digital files for this book.

Community of Hope Haiti, Inc

Editor's Note: *Community of Hope Haiti is located on a large island above Haiti. A LIFE team went to visit this mission and transport literature via a large Haitian sail boat packed with over 70 nationals, 4 missionaries and loaded to beyond capacity with cargo. The voyage required four and one half hours. Fortunately the return trip was via small motor boat that skimmed across in less than two hours. This is a remote, needy area. God is at work here.*

Brian Tucker, the missionary, shares a report.---EHH

Answer to Prayers

We passed out much of the materials LIFE brought to us this past weekend to strategic leaders and people who really need it and will use them. Many people cried upon receiving the resources.

We are starting discipleship/Bible study for men (five men have asked Jesus to be their Lord and Savior over the past two weeks) and others. We also have a kids weekly Bible study. The Lord's timing in sharing the LIFE resources has deeply strengthened my faith; it was exactly what we were praying for...but we didn't know how to go about it.

Brian Tucker Family

Community of Hope Haiti is a small 501c3 organization founded in 2013 by the Tucker Family (Brian, Heather, Elijah, Lily, and Luke) from St. Louis, Missouri. Our organization is based in Grand Vide, Haiti on the southwest side of the island of La Gonave. It is 31 miles across from the mainland town of Miragoane. The Lord invited us to be a part of His heart for Haiti in 2013. We said "Yes". After quitting our corporate America careers, selling our possessions (home, vehicles, etc) we moved to Haiti to serve full-time in April 2015. We sense The Lord will have us here for many years.

COHH's core mission is to "Partner with village communities to identify, strengthen, and establish self-sustaining, life-giving resources; thus strengthening local families, businesses, and education today, bringing hope and opportunity for generations to come". After meeting with our villages' leaders several times, we collectively agreed on five major community needs: Water, medical care, fishing, education, and toilets. It was also evident that our community lacked strong church unity and family values, as there were very few married couples in the entire village.

After much prayer, we felt the Lord saying "Seek first my Kingdom, my Righteousness, and everything else will be added to you". – Matthew 6:33. So the first thing we did was build a House of Prayer and Community Center on land that was miraculously (legally) given to us. It is almost finished. Our core focus: Give Jesus glory. Encounter Him. Rally around loving God with all our hearts, soul and strength. When we do that, we will learn to love ourselves....then we can love our neighbors as ourselves. Then everything else happens. Here's the "everything else":

1. Water: Western La Gonave has the least amount of available fresh water of any populated place on earth. 99% of all farming was lost to drought in summer 2015. COHH Solution: rain catchment/harvesting on homes, low-cost drip irrigation and solar water pumps for farming

2. Medical Care: There is no clinic within 30+ miles. COHH Solution: Brian is EMT-P trained. Clinic development and short-term medical team facilitation are planned for 2016 and ongoing.

3. Fishing: Our village is on the water, yet there are few resources for productive, sustainable commercial fishing practices. COHH is working directly with Grand Vide's Fishermans' Association to provide more food, better economy, and more efficiency through new methods. We've begun constructing a dock/pier to house fishing vessels. FAD construction (fish-aggregating devices) and solar freezers are budgeted for 2016.

4. Education: There is no secondary school, so most students leave at 12 years old to go to school in PAP. We've helped start 7th and 8th grade; thirty nine students just finished their 1st semester for 2015. COHH will also offer Discipleship studies, English classes- how to read, Computer classes via computer lab, and hopefully someday online courses. LIFE Literature is a HUGE part of making education possible to our village and the surrounding four villages.

5. Toilets: We just put two public toilets in the House of Prayer for people to use! We hope to use the "by-products" as natural gas (methane) to power our future commercial kitchen in the Community Center via bio-digester technology.

6. Agriculture and Reforestation – We are currently clearing 50+ acres (again given to COHH miraculously) to plant with vegetables, fruit trees, and moringa trees (goal: 10,000 trees 2016). Grand Vide's #1 business is charcoal production. It's unsustainable.

7. House of Prayer: "One thing I desire; one thing I ask. That I would dwell in the House of the Lord all

the days of my life, to gaze upon the beauty of His face, and to inquire of Him in His sanctuary" – Psalm 27:4. We welcome voluntary worshippers and prayer warriors for 24/7 prayer to the Lord.

Testimony of Pastor Perard Alexandre

"We thank LIFE Literature that gave us many books with much information for the Christian life. We are especially thankful for the workbook *Footsteps of Christ*. We use it with a series of lessons. It has plenty of meat to teach us about following Christ."

Pastor Perard Alexandre also reports that he used "Sal" for four weeks. He memorized the account and used the story for teaching his congregation.

Sal, Vole (Greasy the Robber) is a short story of a young boy who loses his family and becomes a robber. Later he is saved by reading the New Testament. It is very inspirational.
